

## Artwork Specifications for Peel & Stick Reusable Photo Frame Insert Panel

**PLEASE NOTE:** All files are to be set up in imperial measurements = inches

The requirements shown should be followed when preparing the artwork for print production of the insert panel.

**Document size:** 6 inches x 4 inches.

**Trim marks:** These should be included on final artwork file.

**Colours:** 4 colour process (CMYK). DO NOT supply in RGB or PMS spot colours.

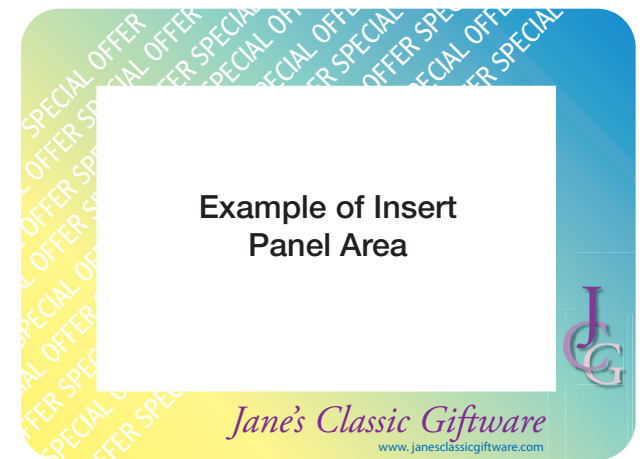

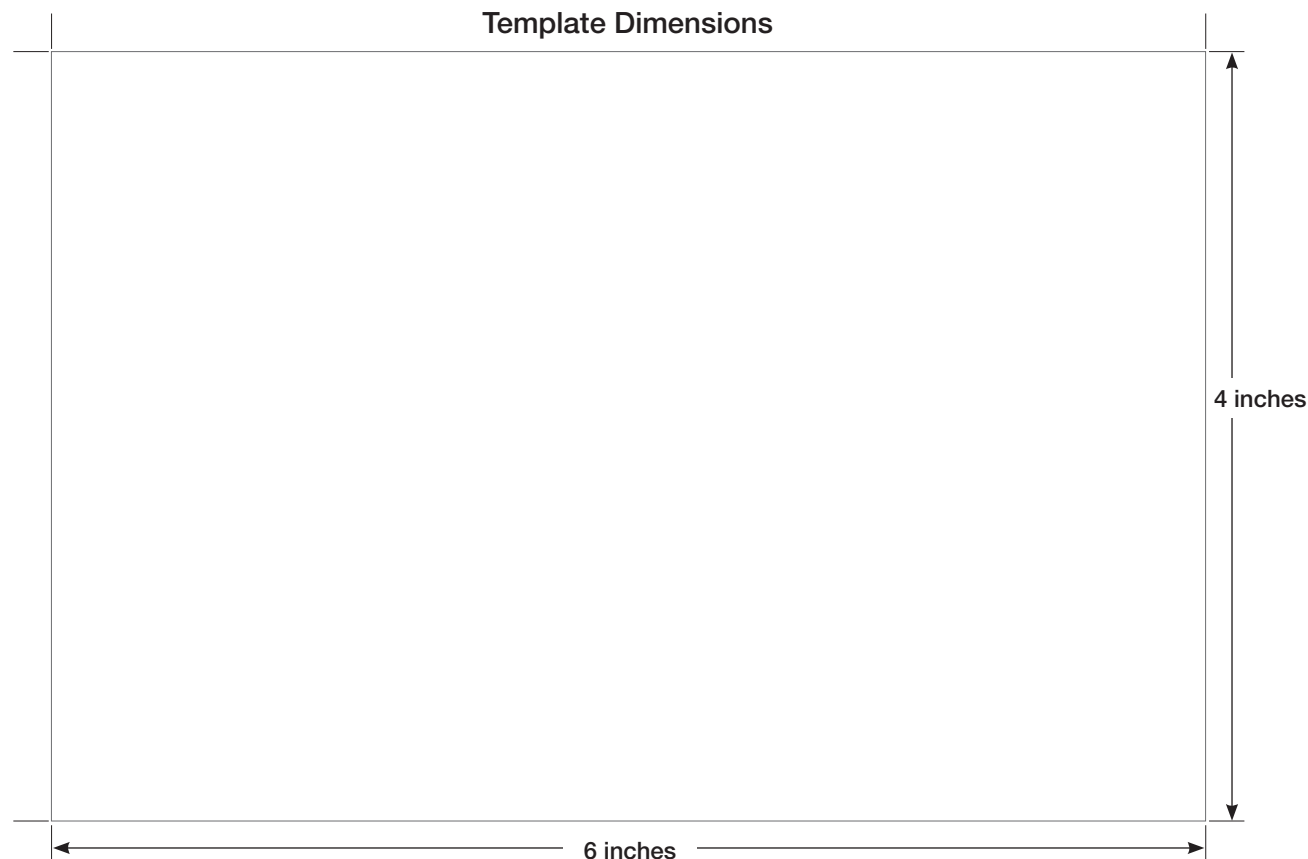

**Images:** Any tiff, eps or jpegs should have a resolution of 300dpi and 1200dpi for line art.

**Fonts:** These should be converted to outlines or curves.

**Template:** Should not be included with final artwork file.

**File format:** Supply artwork file as high-res PDF in Print quality ONLY.

**NOTE:** If your insert panel design has an all over background colour you will need to include 1/8 inch bleed.

Example shown at 40% of actual size.
